

June 2014 Newsletter

Dear fellow South Bay AMWA members,

We had a great meeting: Hereditary Angioedema awareness in Dr. Joshua Jacobs, North Bay. We met at the Plumed Horse. What a great treatment for this disease!

In June, we have a talk on Atrial Fibrillation and Anticoagulation Issues at California Café. We again have a waiting list only attendance. We are delighted with your continued interest in South Bay AMWA.

See you in July!

Warmly,

Gloria Wu, MD

President, South Bay AMWA
