

March 13, 2015

Dear Colleagues,

Welcome to March and Springtime in California!

We are so happy to have more sunshine and warm days like the rest of the country.

Our February 18th meeting was held in Palo Alto. The topic was Cologuard, a noninvasive colon cancer at-home test, by Dr. Yvette David.

March 14 is our first Gala creative black tie event. We are so excited that we will have the venue of The Capital Club in downtown San Jose. We will be on the 17th floor while we listen to Osteoporosis by Dr. Joy Wu, Dept of Endocrinology, Stanford University School of Medicine.

Then we will have a talk by Cornerstone Financial about "Retirement and Buying and Selling a Practice", followed by an update on ObamaCare.

April, we have a planned talk on April 13th on Urinary Incontinence by Dr. Peter Castillo.

This summer, we hope to have a golf outing!
