Dear Members

May 2 had a great turnout at Maggiano's and we learned about the great results with Parkinson's and Medtronic's implant. Dr Fahd Khan showed great slides and videos. May 11 was a spectacular turnout for Dr Lillian Soohoo's open house. Her office is 21st century high tech. Only a dermatologist can make an office look this beautiful. (Just joking)

May 18, 2023: Dr Barbi Phelps Sandal delivered a great mini lecture about loss of tone in the pelvic floor. Kegels forever, ladies! There was the introduction of Grail Bio and lots of lasers for pelvic floor issues.

This month we will have: June 8, Barbi Phelps Sandal and Part 2 of Pelvic Floor exercises and laser therapies.

On June 22, Bank of America will talk to us about yield curves, federal reserve news and how to buy stocks.

Bring your dues! \$200 for the year. Free intern resumes for the year.
